Product Data Sheet

Product Number: 758ST9479

Model: Techni-Pro 758ST9479 Wrist Strap, Metal Strap, 12 ft. Cord, Black

Description:

The 758ST9479 is adjustable metal wrist strap set ideal for use in electronics manufacturing and cleanrooms. The black wrist strap includes a 1/8" stud snap and is paired with a 12' long coiled cord. The 7 strand tinsel wire of the coil cord is coated with PVC and terminates with a standard banana plug. Each cord comes with a slip on alligator clip for greater expansion of use. The versatile metal band design wrist strap provides superior reliability to ground and it's ideal for cleanroom environments.

Picture:

Scope:

This specification defines the technical requirements for anti-static heel grounders under the brand Techni-Pro. If not otherwise specified, the wrist straps should meet or exceed the requirements of ANSI ESD-S20.20 and ESDA Standard 1.1-2006

Applications:

Wrist straps provide a path-to-ground for operators that are seated. They should be securely attached either directly to the ground or via banana jack to an ESD table mat. Compatible with single wire constant monitors.
