Product Data Sheet

High Precision Cutters

TNP-CTR-HP-ES5161L

Product type: High Precision Cutters

Made in: Italy

Description: The 5161L is a high precision cutter belonging to the extra large oval cutter family. This type of geometry provides excellent resistance, while the 5161L head dimensions increase its cutting capacity. The flush cutting edge is suitable to perform clean cuts with some tolerances. The 5161L is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.

Head description: Extra large Oval
