

## 9075 Wireless Accelerometer

A9073 Magnet

Wireless Charger and Cord

|                                       |                                                                                                                                                   |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Sampling Frequency                    | 10kHz Fmax and 51,200 lines                                                                                                                       |
| A/D Converter                         | 24 bit A/D                                                                                                                                        |
| Measurement Range                     | 2/10Hz to 1kHz ISO standard for assessing Unbalance, Misalignment or Looseness<br>1kHz to 10kHz BDU range for identification of Bearing Condition |
| Sensor Connection                     | Bluetooth 5                                                                                                                                       |
| Dynamic Range                         | 108dB                                                                                                                                             |
| Power Supply                          | Wireless Charging with Long Battery Life                                                                                                          |
| IP Rating                             | IP 67                                                                                                                                             |
| Frequency Range                       | 2Hz to 10kHz                                                                                                                                      |
| BDU - Bearing Noise - Frequency Range | 1kHz to 10kHz                                                                                                                                     |
| Resolution                            | 100 to 800 lines with zoom                                                                                                                        |
| TPI View Screen Cursor                | Single                                                                                                                                            |
| TPI View VA Bands                     | Yes, Instability, Unbalance, Alignment, Looseness                                                                                                 |
| TPI View FFT Display                  | Yes                                                                                                                                               |

### TPI View App

Powerful App to use with TPI Smart Probes for HVAC applications.
