

TD2300 Series Industrial Tape Dispenser

A high quality steel desktop tape dispenser comes with a weight rubber lined base to secure the dispenser to the work-surface. The dispensers are compatible with tapes with a 3 in. core diameter and the maximum outside roll diameter that can be supported/hold is 5 in. so it works perfectly with office supply tapes and [ESD tapes](#) from Transforming Technologies.

The extra-wide serrated blade reduces the working time required to align the tape with the cutting edge, which increases speed and efficiency. A pivoting blade guard provides protection from accidental contact. When closed, it will also assist in keeping the tape secure from rolling back on itself.

The two available sizes make way for wider rolls of antistatic tape, or mixing and matching multiple widths on the same ESD tape dispenser.

Features

- High Quality Steel Desktop Dispenser
- Weighted-Rubber Lined Based for Stability and One Hand use
- Serrated Blade with Pivoting Blade Guard for Safety
- For Use With Tape Up To 3in Wide

Specifications:

Material: Powder Coated Steel
 Color: Gray/Blue
 Size: 10.25 x 6.5in
 Capabilities: TD1023: 1 Roll
 TD2023: 2 Rolls
 Safety: Pivoting Blade Guard

Part Numbers:

TD1023 Tape Dispenser—1 roll, 3in
 TD2023 Tape Dispenser—2 roll, 3in

Applications:

Industrial grade steel desk tape dispenser that's made for 3-inch diameter core tape. It can hold up to a 5-inch outside roll diameter, so it's ideal for office supply, packing and anti-static tapes.
