Cable verification									
Advanced copper wiremap	o	o	o	o	o	o	o	o	o
Length to open	Plus & Pro	o	o	o	o	o	o	o	o
TDR length to short/fault	Pro	o	o	o	o	o	o	o	o
Fiber verification			Optional	o	Pro	o			o
PoE Verification	Pro			o	Plus & Pro	o	o	o	o
PoE Max Power Available (up to 90W)								o	
Tone generator (audible trace)	o	o	o	o	o	o	o	o	o
Flash hub/switch link LED (visual trace)	Plus/Pro			o	o	o			o
Performance testing to standards									
IEEE cable transmission performance test		o		o					
IEEE performance test through live networks				o					
TIA-568/ISO 11801 copper cable certification			o						
Fiber optic certification (Tier 1)			Optional						
Network, CCTV and Industrial Testing									
Network connectivity troubleshooter				o	o	o	o		o
VoIP, QoS, Wi-Fi and WAP network troubleshooter						o			
Digital and analog CCTV testing							o		
PROFINET Cable and Network Testing									o
Reporting									
PDF Reporting		o	o	o	Plus & Pro	o	o		o
IDEAL AnyWARE Cloud / Desktop			o						
IDEAL AnyWARE Mobile App		o		o	Plus & Pro	o			o

COPPER Installation

Part No.	Kit content
R158000	VDV II - Voice, Data and Video Cable Verifier
R158002	VDV II Plus - Voice, Data and Video Cable Verifier
R158003	VDV II Pro - Voice, Data and Video Cable Verifier
R156006	SignalTEK CT - Data Cable Transmission Tester with Touchscreen
62-160	Tone Generator
62-164	Amplifier Probe
33-864	Tone Generator and Amplifier Probe kit
62-140	TRACETone - Tone Generator and Amplifier Probe test set
R163000	LanTEK IV-500MHz Cable Certifier - Cable Certifier
R163001	LanTEK IV-3000MHz Cable Certifier - Cable Certifier
TRADE163000	Trade-In of any Cat5e (or higher) cable certifier to a LanTEK IV 500MHz
TRADE163001	Trade-In of any Cat5e (or higher) cable certifier to a LanTEK IV 3000MHz

FIBER Installation

Part No.	Kit content
R164008	FiberTEK IV-MM LED Kit
R164009	FiberTEK IV-SM Laser Kit
R164010	FiberTEK IV-MM LED & SM Laser Kit
R230000	OTDR II - Quad OTDR with IOLM
33-928	FiberMASTER MM/SM power meter with 850nm light source only
33-931	FiberMASTER MM/SM fiber optic test kit (quad light source 850/1300/1310/1550)
VFF5	VFF5 - Visual Fault Locator - fiber optic cable continuity tester, fault detector

For accessories and Care Plans please visit www.idealnetworks.net

NETWORK Troubleshooter

Part No.	Kit Contents
R156005	SignalTEK NT - Network Transmission Tester with Touchscreen
R153001	NaviTEK NT - Network Troubleshooter
R151005	NaviTEK NT Plus - Network Troubleshooter with Touchscreen
R151006	NaviTEK NT Pro - Network Troubleshooter with Touchscreen
R150001	LanXPLORER Pro - In-line Network Troubleshooter with Touchscreen

CCTV SECURITY Testing

Part No.	Kit Contents
R171000	SecuriTEST IP - CCTV Tester - IP Digital / HD Coax / Analog

POWER OVER ETHERNET Testing

Part No.	Kit Contents
R158004	PoE Pro - Data Cable and Power over Ethernet Verifier

INDUSTRIAL ETHERNET Testing

Part No.	Kit Contents
R151010	NaviTEK IE - Industrial Ethernet Tester
