

HS-TK High Speed, Pass-Thru RJ45 Tool Kit

Includes HS-CT crimp tool, 50 CAT5-HSP connectors, wire cutter, & RJ45 cable tester

Features:

- Simplify twisted pair terminations by allowing the wires to slide through holes out the front of the connector
- Easily verify the proper wiring order with a visual inspection
- Cut, strip and crimp quickly and accurately every time
- Crimp tool simultaneously crimps and cuts
- Wires will be properly flush to the front of the connector

Applications:

- Kit includes everything you need to crimp and test high-speed, pass-thru, modular Cat 5 connectors
