

# 8-Port DVI/USB KVM Switch with Audio and USB 2.0 Peripheral Sharing, 1U Rack-Mount, Dual-Link, 2560 x 1600

# MODEL NUMBER: B024-DUA8-DL

Flexible 8-port KVM switch allows you to control up to 8 computers using a single keyboard, mouse and monitor, or up to 512 by cascading additional switches.

# Description

Tripp Lite's B024-DUA8-DL DVI/USB KVM Switch eases multi-server management in data centers, server rooms and other high-density environments. This premium rack-mount KVM switch provides complete control of up to eight connected computers from a single DVI monitor, USB keyboard and USB mouse. By cascading up to three levels of KVM switches, you can control up to 512 computers at the same time. Recommended for IT managers needing centralized access to a variety of digital and analog servers, this DVI/USB KVM switch also supports a VGA display when connected to a DVI to VGA adapter (such as Tripp Lite's P556-Series).

The B024-DUA8-DL's DVI-I dual-link connector supports digital video resolutions up to 2560 x 1600, including 1080p, and analog video resolutions up to 2048 x 1536. The multi-view installation feature lets you stack up to four KVM switches for connecting computers with up to four DVI outputs and displaying video on up to four console monitors, giving you flexibility in video output. A 3.5 mm microphone jack provides audio input to connected computers. A 3.5 mm audio jack provides 2.1-channel sound to connected speakers.

The OSD presents a text-based interface in eight different languages and allows backup of KVM configuration and user profile information. Dual-tier password protection enhances security for an administrator and up to four users. A DB9 cable is included for firmware upgrades that keep the KVM switch up to date with the latest technology. Easy front-panel access to USB 2.0 hub ports allows quick connection of two USB devices, such as flash drives and printers.

The B024-DUA8-DL offers a comprehensive, cost-effective management solution that installs in 1U of rack space. Because compatibility is based on common hardware standards rather than system software dependencies, almost any platform can be accommodated. This KVM switch is compatible with all major operating systems, and upgradeable firmware fine-tunes compatibility with emerging standards.

# Features

Control 8 Computers + Audio from a Single DVI Monitor, Keyboard and Mouse

- 8-port KVM switch recommended for IT managers needing centralized access to a variety of digital and analog servers
- · Switch between connected computers via front-panel buttons, keyboard hotkeys or OSD
- Supports digital video resolutions up to 2560 x 1600 (including 1080p) and analog video resolutions up to 2048 x 1536

# Highlights

- Cascade up to 3 levels and control up to 512 computers at once
- Multi-view mode—stack up to 4 units, display up to 4 monitors
- On-Screen Display (OSD) in 8 languages for international use
- Dual-tier password protection for superior security
- Upgradable firmware to ensure up-to-date operation

### **System Requirements**

- Computer with DVI or VGA (optional) port, USB port and microphone/speaker 3.5 mm jacks (optional)
- Any major operating system
- Console with DVI or VGA (optional) monitor, USB keyboard and mouse, and microphone and speaker with 3.5 mm connectors (optional)

## **Package Includes**

- B024-DUA8-DL DVI/USB 8-Port KVM Switch
- (2) DVI/USB KVM cable kits, 6 ft.
- External power supply w/NEMA 1-15P plug and 5 ft. cord (Input: 100–240V, 50/60 Hz, 0.5A; Output: 5.3V 2.4A)
- RJ11 to DB9 firmware upgrade cable, 6 ft.
- Grounding wire
- Rack-mounting hardware
- Rubber feet
- Owner's manual

- Supports 2.1-channel surround sound with full bass response
- Also supports VGA display when connected to a DVI to VGA adapter

#### Connect Up to 512 Computers to One Original Console

• Expand the number of controlled computers by cascading up 3 levels of KVM switches

#### **Multi-View Installation**

 Allows stacking of up to 4 KVMs for connecting computers with up to 4 DVI outputs and displaying video on up to 4 console monitors

#### Independent USB 2.0 Peripheral Sharing

 2-port front-panel USB 2.0 hub allows sharing of devices (printers, hard drives, scanners, webcams) between connected computers

#### Multilingual On-Screen Display

- OSD supports English, German, Japanese, Traditional Chinese, Simplified Chinese, Spanish, Russian and French
- · Text-based interface offers direct access to every connected computer
- · Backs up and restores KVM configuration and user profile info

#### **Dual-Tier Password Protection**

• Enhances security for administrator and up to 4 users

#### Hot-Plugging and Auto Scan

- Computers and devices can be disconnected and reconnected without KVM switch shutdown
- Automatically switches between ports every 5 seconds for convenient monitoring

#### Flexible Keyboard/Mouse Applications

- · Console mouse port emulation/bypass supports most mouse drivers and multifunction mice
- · Complete keyboard emulation for error-free booting

#### Easy Setup and Use

- Plug-and-play operation with no software or drivers to install
- Durable metal housing mounts in 1U of space in EIA-standard 19 in. rack
- Upgradable firmware to ensure up-to-date operation
- Compatible with Windows, Mac, Sun and Linux

#### **TAA-Compliant**

• Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases

# **Specifications**

#### OVERVIEW

Tripp Lite 1111 W. 35th Street Chicago, IL 60609 USA Telephone: 773.869.1234 www.tripplite.com

ENVIRONMENTAL		
Operating Temperature Range	32 to 122 F (0 to 50 C)	
Storage Temperature Range	-4 to 140 F (-20 to 60 C)	
Relative Humidity	0 to 80% RH, Non-Condensing	
BTUs	DC5.3V 8.26W / 64BTU	
COMMUNICATIONS		
Port Control	Push Buttons, Hotkeys, OSD	
IP Remote Access	No	
CONNECTIONS		
Number of Ports	8	
PC/Server Connections	DVI; USB	
Side A - Connector 1	(8) DVI-I DUAL LINK (FEMALE)	
Side A - Connector 2	(8) USB B (FEMALE)	
Side A - Connector 3	(16) 3.5MM (FEMALE)	
Side B - Connector 1	(1) DVI-I DUAL LINK (FEMALE)	
Side B - Connector 2	(1) HD15 (FEMALE)	
Side B - Connector 3	(4) USB A (FEMALE)	
Side B - Connector 4	(4) 3.5MM (FEMALE)	
Side B - Connector 5	(1) RJ11 (FEMALE)	
Computer Keyboard and Mouse Interface	USB	
Computer Monitor Interface	DVI-I Dual-Link	
Console Keyboard and Mouse Interface	USB	
Console Monitor Interface	DVI-I Dual-Link; VGA	
Connector Plating	Nickel	
PORT EXPANSION		
Daisy-chainable or Cascadable	Cascadable	
FEATURES & SPECIFICATIONS		
Number of Users	1	
NIAP-Certified Secure	No	
On-Screen Display (OSD)	Yes	
Port Selection	Pushbutton; Hotkey; OSD	

<b></b>		
USB Hub Ports	Yes	
Number of USB Hub Ports	2	
USB Specification	USB 2.0 (up to 480 Mbps)	
Driver Required	No	
Cat5 KVM Switch	No	
STANDARDS & COMPLIANCE		
External Power Supply Certifications	FCC; UL; cUL; PSE; BSMI; RoHS	
Product Compliance	RoHS; FCC (USA)	
WARRANTY		
Product Warranty Period (Worldwide)	3-year limited warranty
