Safe-IT USB-A to Lightning Sync/Charge Antibacterial Cable (M/M), MFi Certified, White, 3 m (9.8 ft.)

MODEL NUMBER: **M100AB-03M-WH**

USB/Lightning cable with antibacterial properties connects your Apple iPhone, iPad or iPod to the USB-A port on your computer or wall/car charger.

Features

USB Cable Charges and Syncs Your Latest-Generation iPhone, iPad and iPod
This Safe-IT™ sync/charge cable (M/M) connects your iPhone, iPad or iPod to the USB-A port on a computer, laptop, car charger or wall charger. It allows you to charge and power your Apple device, while simultaneously syncing and transferring photos, MP3s and other important files at USB 2.0 data transfer speeds up to 480 Mbps. The cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

Antibacterial Properties Provide Extra Protection
The molded connectors and PVC jacket are constructed using an antibacterial material that is effective in inhibiting the growth of Escherichia coli (E. coli) and Staphylococcus aureus (staph). This added protection makes this cable an ideal solution for medical facilities, schools, businesses, restaurants/kitchens and anywhere else that needs extra protection against bacteria.

MFi-Certified for Broad Device Compatibility
The 5V 2.4A (12W max) Lightning cable is MFi-certified for use with the latest generation of iPhone, iPad and iPod devices. Integral strain relief gives the cable extra flexibility, reduces stress and helps the cable move freely without cracking or breaking loose from the connector.

Reversible Lightning Connector Attaches in Either Direction
Unlike traditional USB cables that connect in only one direction, the reversible 8-pin Lightning male connector plugs into an Apple device's port in either direction for an instant connection every time.

Highlights

- MFi-certified for broad compatibility with your Apple iPhone, iPad or iPod
- Made with antibacterial material proven effective in inhibiting the growth of E. coli and staph
- Supports USB 2.0 speeds up to 480 Mbps to ensure reliable data transfers
- Reversible Lightning plug connects in either direction for immediate no-fuss use

Applications

- Charge and sync your Apple iPhone, iPad or iPod using the USB port on your computer or a wall charger up to 3 meters away
- Transfer photos and other important files between an external hard drive and your Apple device
- Provide extra protection against bacteria to give cable installers and IT personnel peace of mind during installation

System Requirements

- Computer, laptop or charger with USB-A port
- Most current iPhone, iPad and iPod devices

Package Includes

M100AB-03M-WH USB-A to Lightning Sync/Charge Antibacterial Cable (M/M), White, 3 m (9.8 ft.)

Specifications

OVERVIEW	
UPC Code	037332261052

Technology	Lightning; USB 2.0 (High Speed)
USB Cable Type	Passive
PHYSICAL	
Material of Construction	PVC
Color	White
Cable Jacket Color	White
Cable Jacket Material	PVC
Cable Jacket Rating	VW-1
Cable Outer Diameter (OD)	4.6mm
Cable Length (ft.)	9.8
Cable Length (m)	2.99
Cable Length (in.)	118.1
Shipping Dimensions (hwd / in.)	1.40 x 2.50 x 6.10
Shipping Weight (kg)	0.16
ENVIRONMENTAL	
Operating Temperature Range	32 to 113 F (0 to 45 C)
Storage Temperature Range	-40 to 158 F (-40 to 70 C)
Operating Humidity Range	10% to 85% RH, Non-Condensing
Storage Humidity Range	5% to 90% RH, Non-Condensing
Power Provided to Connected Device(s)	12W (5V/2.4A)
CONNECTIONS	
Side A - Connector 1	USB A (MALE)
Side B - Connector 1	LIGHTNING (MALE)
Connector Plating	Nickel
Contact Plating	Gold
FEATURES & SPECIFICATIONS	
Antimicrobial	No
USB Specification	USB 2.0 (up to 480 Mbps)
Antibacterial	Yes
STANDARDS & COMPLIANCE	
Product Certifications	MFi
Product Compliance	RoHS; CE (Europe); REACH; FCC (USA)
