Built for ultra-fast performance, this is an ideal coupler when setting up premise wiring, voice/data networking, telecommunications and Ethernet connections. Compatible with all Cat6a cables, regardless of what size wire they use, the N235-001-6A features straight-through wiring and 50-μinch gold-plated contacts designed to resist corrosion. The durable, high-impact polycarbonate housing resists scratching and is colored white to blend in with any color scheme.
