MODEL NUMBER: **P024-001-13A15D**

1 ft. extension cord with 5-15R and right-angle 5-15P connectors connects bulky power transformers without blocking adjacent outlets.

### Features

**1-ft. (0.31 m) Extension Cord Connects PCs, Printers, Monitors and Other Equipment** This cord is recommended for home/office desktop computer applications, home theater setups or other applications where multiple devices are plugged into a surge protector, PDU or UPS system. It allows you to connect bulky power adapters to a NEMA 5-15R outlet without blocking adjacent outlets. It's also an excellent replacement for a lost or damaged extension cord. The 1-ft. (0.31 m) length helps reduce cable clutter.

**Right-Angle Plug Makes Connecting in Tight Spaces Easier** The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.
