

Power Cord Adapter, NEMA 5-15R to NEMA L5-15P - Heavy-Duty, 15A, 120V, 14 AWG, 1 ft. (0.31 m), Black

MODEL NUMBER: **P025-001**

Heavy-duty extension cord converts a NEMA 5-15P plug into a locking NEMA L5-15P.

Features

Heavy-Duty Extension Cable for Network Devices That Require a Heavy-Gauge Connection This 5-15R to L5-15R adapter features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It converts a standard NEMA 5-15P plug into a locking NEMA L5-15P plug, so it can connect to wall outlets, PDUs, surge protectors or UPS systems with NEMA L5-15R outlets. The 3-ft. (0.91 m) length helps reduce cable clutter and minimize the risk of tripping.

Locking L5-15R Connector Helps Prevent Accidental Disconnection and Expensive Downtime Having a cable come loose accidentally can mean the loss of power and costly downtime. The locking NEMA L5-15R connector helps you avoid such danger, protecting critical equipment by maintaining a secure link without failure. The locking cable is also invaluable when moving equipment in a rack or removing equipment from tight areas, ensuring the power cord always stays connected.
