# SmartRack 12U Low-Profile Patch-Depth Wall-Mount Small Rack Enclosure

MODEL NUMBER: **SRW12U13**

Wall-mount cabinet secures and organizes 12U of 19-inch rack equipment in network closets, classrooms and other locations with limited floor space. Houses patch panels and shallow network switches up to 12.75 inches deep.

Description

The SRW12U13 SmartRack 12U Low-Profile Patch-Depth Wall-Mount Rack Enclosure Cabinet is designed to house EIA-standard 19-inch rack equipment in network wiring closets, retail locations, back offices, classrooms and other areas with limited floor space where you need equipment to be secure, organized and out of the way. Constructed from heavy-duty steel with a durable black powder-coated finish, the cabinet has a maximum load capacity of 200 lbs (90.7 kgs).

The side panels and front door lock securely to help prevent damage, tampering or theft. The front, top, bottom and removable side panels are vented, which allows air to flow freely and keep equipment cool. The reversible front door can open left or right by rotating the cabinet 180° before mounting. Convenient top and bottom ports allow easy cable routing.

The SRW12U13 comes fully assembled and ready to mount to the wall, or use Tripp Lite's optional SRCASTER rolling caster kit to make it a mobile rack. Square and 12-24 threaded mounting holes and numbered rack spaces make equipment installation easy. The vertical mounting rails adjust in 7/8-inch increments to accommodate equipment up to 12.75 inches deep, such as patch panels and shallow network switches.

Features

Saves Valuable Workspace
- Perfect for network wiring closets, retail locations, back offices, classrooms and other areas with limited floor space where you need equipment to be secure, organized and out of the way
- Houses EIA-standard 19 in. rack equipment in 12U of space
- Maximum load capacity of 200 lbs (90.7 kgs)

Keeps Important Equipment Secure
- Side panels and front door lock securely to help prevent damage, tampering or theft
- Vented panels allow generous airflow that keeps equipment cool
- Rotate cabinet 180° before mounting to open reversible front door left or right
- Convenient ports with removable covers allow cable routing through top and bottom

Highlights

- Maximum load capacity of 200 lbs (90.7 kgs)
- Locking steel cabinet vented at sides, front, top and bottom
- Flow-through ventilation keeps equipment cool
- Secures 12U of 19 in. rack equipment up to 12.75 in. deep
- Mounts to wall or rolls on floor (with optional SRCASTER)

Package Includes

- SRW12U13 SmartRack 12U Low-Profile Patch-Depth Wall-Mount Rack Enclosure Cabinet
- (20) M6 screws
- (20) M6 cage nuts
- (20) M6 washers
- (20) 12-24 screws
- Removable mounting plate
- (3) Mounting plate screws
- (2) Keys
- Owner's manual

Easy Enclosure and Equipment Installation
- Ships fully assembled for quick installation
- Mounts to wall or rolls on floor with Tripp Lite's optional SRCASTER caster kit
- Wall-mounting holes spaced 16 in. apart for standard wall stud placement
- Vertical mounting rails adjust in 7/8 in. increments to accommodate equipment up to 12.75 in. deep, such as patch panels and shallow network switches
- Rails support square-hole or 12-24 threaded-hole mounting
- Rack spaces numbered for easy reference

Meets Payment Card Industry Standards
- Provides physical equipment and media security required for PCI DSS (Payment Card Industry Data Security Standard) compliance
