

Safe-IT Clamp-On Monitor Riser - Antimicrobial Protection, 39.4 in. (100 cm)

MODEL NUMBER: **WWSSCOS40AM**

Desktop computer stand with antimicrobial protection lifts your monitor above your workstation surface to help ease eye and neck strain.

Features

Monitor Riser Stand Lifts Your Screen for More Comfortable Viewing and Storage Space

This Safe-IT™ monitor stand riser is ergonomically designed to help ease strain in your neck and eyes at home, school or the office. By raising your monitor five inches (12.7 centimeters) above the level of your workspace, the WWSSCOS40AM provides better viewing closer to eye level. It also frees up valuable real estate on your desk, table or counter for storing important items you need within arm's reach.

Easy to Set Up in Just a Few Minutes with No Tools or Permanent Mounting Required

The WWSSCOS40AM assembles quickly using the included hardware and clamps to a flat surface up to 1.3 inches (3.3 centimeters) thick. It supports monitors, laptops, small printers and other devices weighing up to 44 pounds (20 kilograms). Heavy-duty C-clamps secure the riser in place, but still allow it to be easily moved to a different location if desired. Antimicrobial protection helps resist the growth of bacteria, viruses, fungi, mold and mildew.

Highlights

- Clamps securely to a desk, table or shelf to clear valuable workspace
- Raises a monitor 5 in. above the surface to provide comfortable eye-level viewing
- Antimicrobial protection helps resist the growth of bacteria, viruses, fungi, mold and mildew
- Rectangular 39.4 in. wide platform supports monitor and other devices up to 44 lb.
- Assembles easily in just a few minutes with all hardware included

Applications

- Elevate your monitor up to 5 in. for more comfortable viewing and to free up desktop space
- Hold a monitor or small television in position without permanently mounting it

Package Includes

- WWSSCOS40AM Clamp-On Monitor Riser, 39.4 in. (100 cm) wide
- Owner's manual
