

Everything You Need Together!

HVAC Clamp Meter Kit

HVACKIT

Includes

EPC 400A Wireless True-RMS Everyday Professional Clamp Meter w/ Temperature & Capacitance

- TRMS
- 750/1000V AC/DC, 600A AC/DC
- AC/DC Microamps
- Dual Display
- Low Z (impedance)

INF165C 12:1 Infrared Thermometer

- Temperature -76° to 1022°F (-20° to 550°C)
- 12:1 distance-to-spot ratio

ATPC4 Pipe Clamp Adapter

- Temperature range: -40° to 500°F (-40° to 260°C)
- Fits 3/16 inch to 1 7/16 inch pipes

AC550 Tool Backback

- Rigid waterproof base
- 2 zippered compartments with tool pockets
- Includes D-clip

Applications

- Motor or line current
- Control voltage or system board voltage checks
- Circuit continuity or specified resistance
- Motor run or start faults
- Ambient or surface temperatures
- Flame safe guard
- Variable speed drives & supply power
