

# Valutek Anti-Skid Polypropylene ESD Shoe Cover

MacroTek  
ISO 7+ (Class 10,000+)

Valutek's disposable anti-skid SPP ESD shoe covers are made from 100% non-linting, non-woven spunbond polypropylene fabric.

These shoe covers feature stitched seams, latex anti-skid treads sprayed on the bottom for safety, and a 19.6" long conductive ribbon stitched along a solid seam for ESD grounding.

They are lightweight, robust, and durable.

All Valutek shoe covers undergo testing and production in ISO compliant facilities, subject to Valutek inspection and rigorous process control, ensuring compliance with Valutek quality standards and product specifications.

Part Number: VTSHCVASEDLF

## Features

- Made from 100% non-linting, non-woven spunbond polypropylene fabric with stitched seams.
- Disposable, lightweight, yet strong and durable.
- Equipped with elastic ankle cuffs.
- Latex anti-skid treads on the bottom for safety.
- Includes a 19.6" long conductive ribbon stitched along a solid seam for ESD grounding.

## Application

As part of the **Valutek Macrotek product family**, this product is recommended for cleanroom use in environments rated **Class +10,000 (ISO 7+)**.

It is commonly used for protecting against dirt, grime, and certain dry particulates in non-hazardous environments and for safeguarding sensitive devices in the work area.

## Color Option

Blue

## Packaging

- 100 ea/bag, 3 bags/case, 300 ea/case.
- Flat packed with a carton liner.
- Critical environment compatible.
- Part number and lot number traceable.
