

Desoldering Station Digital 95 W, 230 V, Compressed Air or Inert Gas Operated

Item No: T0053256699N

Desoldering Station Digital 95 W, 230
V, Compressed Air or Inert Gas
Operated

KEY FEATURES

- + Desoldering Station Digital 95 W, 230 V, Compressed Air or Inert Gas Operated
- + Adjustable from 50°C - 550°C (150°F - 999°C) Adjustable temperature range varies among tools

TECHNICAL DATA

Equipotential Bonding Socket	Via 3.5mm Jack Bush (Initial State-Hard-Grounded)
Power	95 W
Temperature Accuracy °C	± 9 °C
Temperature Accuracy °F	± 9 °C
Temperature Range (Depends on Tool)	50 - 550°C
UPC	037103305367
