

Kraftform Kompakt 70 Universal, 32 pieces

Kraftform Kompakt 70 and 71

EAN:	4013288228345	Size:	170x80x50 mm
Part number:	05057113001	Weight:	408 g
Article number:	Kraftform Kompakt 70 Universal	Country of origin:	CZ
		Customs tariff number:	82079030

- 32-piece set
- Strong permanent magnet
- Rapidaptor quick-release chuck allows rapid bit change
- Tough viscous bits for universal use
- Assortment in robust textile box with low weight for easy transport
- Suitable for docking with the Wera 2go system

32-piece set with 816 R Kraftform bitholding screwdriver with Rapidaptor quick-release chuck and multi-component Kraftform handle for fatigue-free working. Rapidaptor universal holder with strong permanent magnet, which even holds big and heavy screws. Throw in the 30 bits and the user is equipped for almost every application. In a robust textile box; compatible with Wera 2go.

Kraftform Kompakt 70 and 71

Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Manual and power tool operations

The sets come with a Kraftform handle, quick-release chuck and bits for manual and power tool operations.

Chuck-all

The Rapidaptor quick-release chucks hold 1/4" DIN ISO 1173-C 6,3 and E 6,3 as well as Wera series 1 and 4 bits.

Rapid-in and self-lock

The bit can be pushed into the adaptor without moving the sleeve. The lock is activated automatically as soon as the bit is applied to the screw. Bits are held securely and wobble-free.

Rapid-out

Simply push the sleeve forward to change the bit. The spring mechanism lifts the bit off the magnet and unlocks the tool. The bit can be easily removed. The rapid-out function makes it easy to remove even the smallest bits without extra tools.

Kraftform

The basic idea for the prototype of the Kraftform handle - that the hand should dictate the design - has, right through to today, proved to be correct. In cooperation with the internationally recognised Fraunhofer IAO Institute, Wera developed a screwdriver handle designed to match the shape of the human hand as long ago as the 1960s. After a long development phase, the Wera Kraftform handle was launched to the market in 1968. It has been optimised through the years with new technologies, but has kept its proven shape. After all, the human hand has not changed either.

Prevents hand injuries

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

Textile box

Robust textile box that keeps the tools safe during transport and always close at hand. The textile box is suitable for attachment to the wall or shelf thanks to the hook and loop fastener strips on the back.
