

6003 Joker 8 Imperial Set 1 combination wrench set, Imperial, 8 pieces

6003 Joker combination wrench - Open-end with return angle of just 15. When things get tight.

EAN:	4013288214201	Size:	297x100x65 mm
Part number:	05020241001	Weight:	962 g
Article number:	6003 Joker 8 Imperial Set 1	Country of origin:	CZ
		Customs tariff number:	82041100

- Especially suitable for tight spaces
- The special mouth geometry expands the placement possibilities of the tool
- The low return angle in the mouth "takes" the screw every 15°
- Slim ring side with 15° crank
- Suitable for docking with the Wera 2go system

As the installation space becomes increasingly tight during screwdriving, it remains necessary that tools enable users to work successfully. Narrow spaces require additional placement points of the tool, to allow screws to be accessed and actuated. Can spanners be modified so that the placement possibilities of the tool increase? The combination of the 7.5° pivoted mouth and the double hexagon geometry doubles the placement points. A repeated 180° turn of the wrench around the longitudinal axis during screwdriving provides four placement possibilities, and bolts or screw heads can be "taken" every 15°. The Joker 6003 with its smart mouth geometry significantly expands the range of uses in confined spaces. The Joker 6003 will automatically find the respective placement point after every turn. The slim yet robust ring side is angled by 15° to the tool axis. The high-quality surface treatment achieves a high and long-lasting corrosion protection. With Take it easy tool finder: colour coding by size. The Joker pouches are suitable for attachment to walls, shelves, workshop trolleys and the Wera 2go system thanks to the hook and loop fastener system on the back.

6003 Joker 8 Imperial Set 1 combination wrench set, Imperial, 8 pieces

6003 Joker combination wrench - Open-end with return angle of just 15. When things get tight.

Set contents:

6003 Joker combination wrench, Imperial, 5/16" x 115 mm

05020211001	1x	5/16" x 115 mm
05020212001	1x	3/8" x 125 mm
05020213001	1x	7/16" x 135 mm
05020214001	1x	1/2" x 160 mm
05020215001	1x	9/16" x 167 mm
05020216001	1x	5/8" x 182 mm
05020217001	1x	11/16" x 210 mm
05020218001	1x	3/4" x 230 mm

Hook and Loop Fastener Strip 240, 50 x 240 mm

1x 50 x 240 mm

For very tight spaces

The Joker 6003 ring spanner with its special mouth geometry - mouth side pivoted by 7.5° and the double hexagon profile - doubles the placement possibilities when repeatedly turning the wrench 180° around the longitudinal axis. Bolts and screw heads can be "accessed" every 15°. The Joker 6003 will automatically find the respective placement point after every turn.

Joker 6003: For pivoting angles under 30°

Thanks to the mouth side pivoted by 7.5°, double hexagon geometry and an adjusted application method (placement - screwdriving - turning - replacement - screwdriving - turning, etc), even screwdriving challenges allowing a pivoting angle of less than 30° can be solved.

Double-hex geometry

The double hexagon geometry on the mouth and ring sides secures the positive connection with the screw head or bolt and reduces the risk of slipping.

6003 Joker 8 Imperial Set 1 combination wrench set, Imperial, 8 pieces

6003 Joker combination wrench - Open-end with return angle of just 15. When things get tight.

Joker 6003: Angled ring side

The ring side is cranked at 15° to the tool axis to prevent injury.

“Take it easy” tool finder

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Suitable for docking with the Wera 2go system

The Joker pouches are suitable for attachment to walls, shelves, workshop trolleys and the Wera 2go system thanks to the hook and loop fastener system on the back.
