

EAN:	4013288179814	Size:	145x80x25 mm
Part number:	05057431001	Weight:	251 g
Article number:	Bit-Check 30 Diamond 1	Country of origin:	CZ
		Customs tariff number:	82079030

- BiTorsion zone to absorb peak loads
- Enhanced service life of the bits
- Diamond coating for a secure fit in the screw, literally bites into the screwhead to prevent cam-out
- Take it easy tool finder: colour coding according to profile and size

Bits with tiny diamond particles on the bit tip. This ensures a secure fit in the screw head, reduces the contact pressure required and lowers the risk of slipping. BiTorsion bits with an elastic torsion zone - where kinetic energy is diverted from peak loads - and softer BiTorsion zone to prevent the bit tip from twisting under high strain. This greatly extends the product service life. Comes with Rapidaptor technology, which allows bits to be attached without any need to actuate the sleeve. The removal of the bit is simple, just by pushing the sleeve forward - for rapid bit change with just one hand. For insertion in the power screwdriver or into the chuck of the power drill. The multi-component Bit-Check is convincing on account of its low weight and the maximum possible degree of compactness. In this respect, the soft material in the lower section of the Bit-Check ensures that the bits are securely held whilst being simple to remove at the same time. The profile and size of the bits are easy to recognise thanks to the Wera "Take it easy" Tool Finder with its colour coding and clearly visible imprint.

Bit-Check 30 Diamond 1, 30 pieces

Bit-Checks Diamond

Set contents:

889/4/1 K Rapidaptor Universal Bit Holder, 1/4" x 50 mm

05052502001

1x 1/4" x 50 mm

851/1 BDC bits, PH 1 x 25 mm

05056400001

2x PH 1 x 25 mm

05056402001

4x PH 2 x 25 mm

05056404001

1x PH 3 x 25 mm

855/1 BDC bits, PZ 1 x 25 mm

05056700001

2x PZ 1 x 25 mm

05056702001

4x PZ 2 x 25 mm

05056704001

1x PZ 3 x 25 mm

867/1 BDC TORX® bits, TX 10 x 25 mm

05066100001

2x TX 10 x 25 mm

05066102001

2x TX 15 x 25 mm

05066104001

3x TX 20 x 25 mm

05066106001

3x TX 25 x 25 mm

05066108001

1x TX 30 x 25 mm

05066110001

1x TX 40 x 25 mm

800/1 BDC bits, 0.8 x 5.5 x 25 mm

05056172001

1x 0.8 x 5.5 x 25 mm

05056174001

1x 1 x 5.5 x 25 mm

05056176001

1x 1.2 x 6.5 x 25 mm

At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

BiTorsion Bits

Peak forces that occur in power tool applications often result in premature wear of bits or damage to the screw head. This usually occurs during initial power-up and then when the screw comes to a standstill. Screwdriving could become more productive and safer if these peak loads could be minimised. The Wera BiTorsion system prevents premature wear. The service life of the tool is extended and the productivity of power tool applications significantly increased.

Bits with diamond coating

The diamond coating of the DC bits lowers the danger of slipping as the minute diamond particles literally "bite" themselves into the screw head.

Reduced cam-out forces

The minute diamond particles applied to the tip of the tool literally "bite" into the screw and ensure an exact, anti-slip fit in the head of the screw. This secure fit protects the screw. The cam-out forces which compel the user to apply greater pressure to the screw are considerably reduced.

Perfect fit

Ideal for sensitive materials

Rapidaptor holder

Rapid bit change without needing any additional tools. One-hand operation with a freely spinning sleeve for simplified guidance of the tool.

Magnetic

Bit holders, magnetic, for easier application of the screw

"Take it easy" tool finder system

The "Take it easy" Bit-Checks have bits with a sleeve which - from its colour (e.g. red = Phillips) and size designation - make it simple to access the right bit quickly.
